SUMMO USA is proposing to do some exploration drilling in Section 1, Township 31 South, Range 25 East, and Section 6, Township 31 South, Range 26 East, SLBM (see the attached map which shows the 25 drill sites and proposed roads). We believe a cultural resources survey has been done in the area but have not seen the results. My understanding is that the BLM is working with the operator and SHPO to avoid sites on their land.
